# DND Major Infrastructure Projects Brochure

Canada 

## Legend

**Active Procurement**

**Pre-Procurement (in development)**

**Planned (not yet in development)**

### **Type:**

New Build (NB)

Renovation (R)

Expansion (E)

### **Capital Cost:**

\$25-\$150M (\$)

\$150-\$500M (\$\$)

\$500-\$1000M (\$\$\$)

> \$1B (\$\$\$\$)

## Introduction

The DND Major Infrastructure Projects Brochure describes construction projects that are \$25 million and above. The brochure includes projects from every Canadian Armed Forces Base and Wing across the country, as well as major housing projects to be undertaken by the Canadian Forces Housing Agency.

While this brochure only covers those major capital projects that are approved to proceed as of now, work continues within National Defence on a much broader program of work including infrastructure for the new Canadian Patrol Submarine, Ranges and Training Areas, new housing and living accommodations projects, and so much more. We will include these future projects and more in future iterations of this brochure as they develop and obtain their necessary approvals to proceed.

## Project Phases

### **PLANNING**

These projects are in their initial planning phase. Information provided includes type of project (e.g., accommodation, training, operational), location, order of magnitude costing and estimated delivery dates.

### **PRE-PROCUREMENT**

These projects are in active development and will proceed to procurement for design and construction in the next few years.

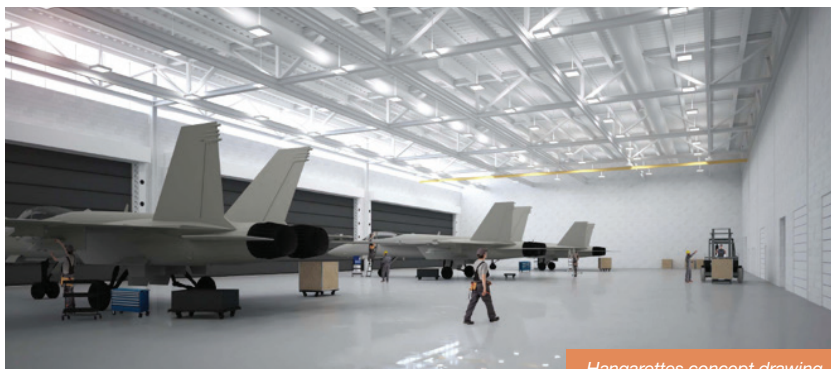

### **ACTIVE PROCUREMENT**

These are projects that are already in design and will proceed to construction in the next year or two. In many cases, contracts will already be in place with the General Contractor, but sub-contractors for construction have yet to be identified.

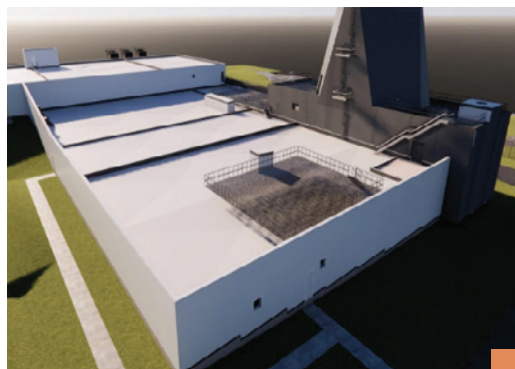

DND's Major Capital Project Brochure will be updated and published at a minimum annually.

CONSTRUCTION SECTOR	PROJECT	TYPE (NB, R, E)	LOCATION (CITY, PROV)	PROVINCE / TERRITORY	CAPITAL COST (\$,\$\$,,\$\$,,\$\$,\$\$,\$\$)	DESIGN START (SEASON, YEAR)	CONSTRUCTION START (SEASON, YEAR)
